

Texas Mayflower Juniors Application Information For Sponsors

Youth comes but once in a lifetime.

~ Henry Wadsworth Longfellow

Pilgrim John Alden descendant

A Texas Mayflower Society member in good standing may submit a Texas Mayflower Juniors application on behalf of any young relative between the ages of birth and eighteen years. The prospective Junior must be related by blood to the sponsor through the same ancestral line when approved by General Society of Mayflower Descendants.

- You may print and submit as many Texas Mayflower Juniors applications as needed.
- The only documentation required will be a completed application signed by the guardian parent and a clear copy of the Junior applicant's official birth certificate. A Texas Mayflower Junior certificate, welcome letter and other Mayflower Pilgrim keepsake documents, will be mailed to you or directly to the Junior.
- Texas Mayflower Juniors are not members of the General Society of Mayflower Descendants. Becoming a Texas Junior is not a preliminary requirement for a full GSMD membership and will not be used when applying for full membership.
- The Texas Mayflower Junior may remain in Junior status until the age of twenty-five, however, the Junior is encouraged to apply for full membership between the ages of eighteen and twenty-five. At the age of twenty-five, Junior status expires and application for the full membership with documentation will be necessary. As a sponsor, it would be extremely beneficial that your own application remains updated to meet the current GSMD requirements for your Junior to make a smooth transition.
- The one-time fee for each Junior is \$15.00 and one check may be written for the Texas Mayflower Juniors applicants you are sponsoring. Please make the check payable to TXSOMD, including the completed application and copy of the birth certificate, then mail to the Texas Mayflower Juniors Chairman:
